

**EXISTING LAYOUT 1:500**

**PROPOSED LAYOUT 1:500**

**LOCATION PLAN 1:2500**

**General construction notes**

Take up existing kerbs and grassed area and prepare site for new works.  
 Lay new kerbs to new junction layout.  
 Connect new gully into existing drainage system.  
 Construct new footway, stone, edging and hard surfacing.  
 Allow for new drop crossing.  
 Provide necessary lining to suit new junction.
